

**MEDIUM VOLTAGE FUSES
CODE 1902200****General characteristics:**

- Fuse type: backup (suitable for transformers protection);
- Rated current: 200A;
- Rated voltage: 24kV;
- Breaking capacity: 31,5kA;
- Minimum interrupted current: 1050A;
- Power dissipation: 740W;
- Fuse total length: 508 mm;
- Diameter: 88 mm;
- International standards: IEC EN 60282, DIN 43625;
